RE: Second meeting of the study group

As was agreed in the first meeting of the study group, Farokh Ashar will make a presentation of his dissertation on Thursday, November 3, from 3:00 to 5:00PM in 10-485.

Enclosed please find Farokh's summary paper, entitled

Building Technologies and Materials Production:  
Their Effect on Construction Costs, Complexity,  
Incomes, and Employment in the Rural Areas,  
Sahiwal District, Punjab, Pakistan.

Please read the paper and bring your comments to the study group meeting.

After Farokh's presentation, we will briefly consider the topics to be discussed until the end of this semester. Please prepare your suggestions for topics. Thank you very much.
